OUTLAWS VENGEANCE

A Girl Burned to Death in Her Father's House.

FRESH FEUD IS NOW PROMISED.

The Victim Was Once Accused of Blowing Up a Magistrate's House With Dynamite, Killing a Little Child and Crippling Its Mother For Life—Last Act in a Five Years' War.

MILTON, W. Va., Nov. 12.—Cora Abbott, the pretty young woman who was burned to death Monday night in a fire which destroyed her parents' home, undoubtedly is the victim of outlaws' revenge. Five years ago the Brumfield and McCoy factions of Lincoln county became involved in a difficulty which has lasted until the present time. Many bloody battles have been fought, and the feud has been excelled only by the Hatfield-McCoy fight in the Tug River territory.

Sandy Brumfield, a young man, was arrested at the instance of Alexander Vance, a magistrate of Lincoln county, two years ago. He had participated in a number of the battles in the feud.

At the time of his arrest he was engaged to be married to Cora Abbott, and she made many threats toward the magistrate, who had caused the arrest of her lover.

Magistrate Vance's residence was blown up with dynamite at night a little later, and his 3-year-old child was killed. Mrs. Vance was crippled for life. Magistrate Vance and his young son were badly wounded.

This was followed by the arrest of Cora Abbott, but she refused to reveal anything regarding the dynamiters. Later she was released. The friends of Vance and the McCoy faction have made various threats against the young woman since.

The Abbott family were awakened Monday night at midnight and found their house enveloped in flames. There was a strong odor of oil. The flames had completely cut off all escape by means of the stairways, and the father and mother leaped from the windows on the second floor, the mother holding in her arms her 1-year-old babe. Cora, a prisoner in the burning house, cried for help, but her parents were powerless to lend her assistance.

When the neighbors arrived, an hour later, the charred body of the girl was removed from the ashes of the building. The authorities of Lincoln county are leaving nothing undone to bring the incendiaries to justice. Bloodshed is expected. It is safe to say that the two factions will now begin a war more determined than before.

SHOT HIS WIFE AND HIMSELF.
Horrible Crime Perpetrated by a Michigan Farmer.

SAGINAW, Mich., Nov. 12.—A shocking tragedy occurred on the farm of Samuel Welch, three miles west of the village of Unionville, Huron county, yesterday. George Welch, a brother of Samuel, was at the barn. Hearing a report of a gun he ran to the house and found that Samuel had shot off the top of his wife's head with a shotgun and was in the act of committing suicide.

George succeeded in taking the gun away, but not until Samuel had shot off his nose. Taking Samuel's little boy in his arms George ran to a neighbor's half a mile away for help, but meanwhile Samuel had found a revolver and had shot himself through the head. The dead man was 53 and his wife 49 years of age. The cause of the tragedy is unknown.

ALIEN LUNATICS.

Three Italians Deported and an English Woman Will Go Next Week.

ALBANY, Nov. 12.—As an outcome of prolonged correspondence with the Italian authorities, the state commission in lunacy has succeeded in deporting three alien lunatics to their home in Italy. These aliens belonged to the very lowest strata of society and had recently landed in this country.

The commission will deport next week a young English woman, who recently arrived in this country from England, and becoming insane, was committed to the Long Island State hospital, Brooklyn.

Mysterious and Gruesome Find.

ST. JOSEPH, Mo., Nov. 12.—The dismembered body of an unknown young woman was found in a shallow grave yesterday between the city and the asylum for the insane. Two employees at the asylum claim to have seen two men go into the field Tuesday night, dismount, and, after opening the grave, ride away, leaving it uncovered. The body has the appearance of having been buried several weeks. The police are mystified by the find and have no clew on which to work.

Archbishop Ireland Losing His Prestige.
ROME, Nov. 12.—The statement circulated in the United States that the pope has decided to remove Archbishop Ireland from the diocese of St. Paul is untrue, but it is stated by those qualified to know that Archbishop Ireland has lost the greater part of the former consideration in which he was held at the Vatican, and the course he pursued in the late election in the United States has increased this disfavor.

SPRINGFIELD, O., Nov. 12.—John Jenkins, the indicted prize fighter, forfeited his \$300 bail. A deputy sheriff searched his home at Cold Springs, but he could not be found.

TO PROTECT SOUTHERN HARBORS.
A Call to Governors Made by the Chief Executive of Florida.

TALLAHASSEE, Fla., Nov. 12.—Governor Mitchell has addressed the following letter to governors of northern and western states, calling a harbor-defense convention to meet at Tampa:

In view of the dangers which threaten the defenseless gulf and South Atlantic seaports of the United States, we have deemed it proper to issue a call for a convention in the interest of the gulf and South Atlantic harbors and their defenses. The object of this convention, which will assemble at Tampa, Fla., on the 29th day of January, 1897, is to discuss the methods for the proper defense of southern harbors.

As loyal citizens of this republic, it be hooves us to heed the admonitions of wisdom and endeavor to speedily place our defenseless southern ports in a condition to protect us from the possible peril of foreign invasion. In the interest, therefore, of this important subject, we respectfully request your excellency to honor this convention with your presence, and also to appoint delegates from your commonwealth to attend same. Kindly forward the names of such delegates, when appointed by your excellency, to Mr. H. J. Cooper, secretary of the board of trade, Tampa, Fla. Respectfully,

H. L. MITCHELL,
Governor of Florida.

WORLD'S W. C. T. U.

St. Louis Has Made Due Preparation For the Great Council.

ST. LOUIS, Nov. 12.—The thousands of adherents in this country of the Woman's Christian Temperance union are in a flutter of excitement over the preliminaries of the national convention which opens on Friday morning.

About every other member is on one or the other of the 25 committees, and which for weeks have been busily engaged in making preparations for the event. All the indications point to this being the banner convention of the organization. The mayor is to turn over the keys of the city to the White Ribboners, the state is to bid them welcome, and so will the churches, the business men, the Evangelical Alliance and the Catholic Women's Temperance union.

The Salvation Army, the American Volunteers, the Loyal Temperance legion and many other outside organizations devoted to the inculcation of temperance principles are to be represented by delegates. There will also be visitors from England, Canada, Wales, Turkey, Armenia and other foreign countries.

WHEELS A-WHIRLING.

News of Trade Revival Comes From Cairo, Illinois.

CAIRO, Ills., Nov. 12.—The Three States Lumber company has added 100 extra men, doubling the force of its mill and yard.

Russe & Burgess, lumber dealers, have started their mill at Obion, Tenn., employing 50 men.

The Chicago Mill and Lumber company started running its packing-box factory overtime last night. It employs 350 men.

The Carey-Halliday Lumber company will start up its box factory and planing mill next week, giving employment to 125 men.

Other concerns report a better tone to business. Orders are coming in rapidly.

FAT AND THIN.

The Great Contrast Between Two Indiana Farmers.

LAPORTE, Ind., Nov. 12.—George Washington Walker, a resident of Noble county, weighs 560 pounds, and he is yearly growing more fleshy. His waist measurement is 76 inches, and he measures 68 inches around the chest under the arms. Each of his arms is 25 inches around. Walker spends most of the summer in the cellar of his house.

Jesse Allen is a neighbor of Walker. He is 3 feet 5 inches tall. His legs are 12 inches long. He weighs 25 pounds. His age is 19. He is a promising student. Although there is little to him physically, he has a bright mind.

Murders on the Indian Reservation.

WINNIPEG, Nov. 12.—Several days ago an Indian named "Charcoal," on the Blood Reserve, near Fort McLeod, killed three people, another Indian, his squaw and the farm instructor. "Charcoal" escaped from the reserve and a detachment of mounted police have been in pursuit of him. They have several times been held at bay by the desperado. Two policemen have been wounded, and yesterday Sergeant Wilde, while attempting his capture was shot dead. The orders now are to shoot the redskin on sight.

Preparing For Death.

FARGO, N. D., Nov. 12.—Governor Allen, having denied the application to commute the sentence of death to life imprisonment in the case of Myron R. Kent, preparations have been made for his execution, which was set weeks ago for tomorrow. He is charged with conspiracy in the killing of his wife at Mandan a few years ago. It was one of the most horrible murders in the history of crime in this part of the country.

Waging War on Hunters.

WINCHESTER, O., Nov. 12.—Now that the hunting season is open the farmers in this section are waging war against hunters, nearly all of the farms in this vicinity being posted. The land owners complain more of sportsmen from Cincinnati and other cities, whose reckless shooting in the past has ruined hundreds of dollars worth of stock of various kinds. The farmers, it is said, will organize and protect their stock.

REFORMS IN TURKEY.

Those Promised by the Sultan to Be Put in Execution.

OFFICIAL SUMMARY OF THEM.

Prisoners Against Whom No Charges Have Been Preferred Must Be Released. Peaceable Armenians Must Not Be Prosecuted—Valis Instructed to Repress All Further Acts of Violence.

CONSTANTINOPLE, Nov. 12.—The official summary of the reforms to be put into execution by the Turkish government in accordance with their promise, has been published, and it is announced that the provincial authorities have received instructions to execute them immediately.

The reforms promised by the sultan are: The liberation from the prisons of the Ottoman empire of all persons against whom no charges have been preferred; the issuance to the police of orders that all peaceable Armenians must not be prosecuted; the immediate convocation of the Armenian national assembly for the purpose of electing a patriarch; the trial by court-martial of Mazharpey, accused of responsibility of the murder of Father Salvator; the dismissal of the vali of Diarbekir (already complied with), and the sending of definite instructions to all the valis that they must repress all further acts of violence; an estimate of the cost of rebuilding the Catholic convents, partially destroyed in Asia Minor; the giving of aid to the residents of those districts which suffered during the recent trouble; the issuance of a decree immediately enforcing the reforms granted in 1895 to the six vilayets of Armenia; the extension of those reforms to other provinces of the empire.

Expecting Something Serious.

CONSTANTINOPLE, Nov. 12.—While counseling the American missionaries to remain at their posts in Anatolia, the United States minister, Mr. Alexander W. Terrell, has induced the removal of the children of the missionaries to places of safety.

EVERY ONE SURPRISED.

A Colored Man Elected Councillor in a Massachusetts District.

BOSTON, Nov. 12.—The board of election commissioners finished the recount of votes in the Forty-first councillor district last night, and Isaac D. Allen, the colored Republican candidate was declared elected over Hon. John H. Sullivan, who now represents the district, and who was the Democratic candidate. Allen's majority was only 63 votes. There is no appeal from the decision of the election commissioners and the governor's council stands for the first time in its history solidly Republican, while Allen holds the highest political office ever given a colored man by the voters of Massachusetts.

EVERYONE SURPRISED.

BOSTON, Nov. 12.—The colored Republi-

cans but all refused it, not desiring to run in a strong Democratic district and defeated. Allen's election was as much a surprise to him as to his Democratic opponent. Sullivan carried the district last year by over 5,000.

SHOT HIMSELF.

III Health Causes a Washington Man to Commit Suicide.

WASHINGTON, Nov. 12.—Boutelle W. Frazier, proprietor of the Wellington hotel, committed suicide yesterday by shooting himself, the tragedy taking place at a lonely spot near the chain bridge over the Potowmack river above West Washington. The bullet had entered the right temple and had passed out on the left side. The deceased was a prominent citizen and was one of the best known hotel men in Washington. He had been in a melancholy frame of mind for some time past, due to his physical condition.

A letter to his wife assigned ill-health as the cause that led to taking his life. He was 42 years of age and leaves a wife. Mr. Frazier was interested in the Ebbitt and in the Raleigh hotels, having opened the latter place. For some time he was manager of the Portland flats.

Offered a Good Position.

EAST ST. LOUIS, Ills., Nov. 12.—Ex-Congressman William S. Forman of Nashville, Ills., has gone to Washington in response to a telegram received from a member of President Cleveland's cabinet. It is understood that Mr. Forman is to be offered the position of chief justice of the court of claims at Washington, recently made vacant by the death of William A. Richardson.

Banker Suicides.

AUSTIN, Nov. 12.—Mr. Frank Hamilton, for 20 years a member of the banking firm of Raymond & Company, suicided yesterday by taking morphine. Despondency over financial losses is supposed to have led to the act. He was well known in financial circles in New York. He was married on Monday to an Austin lady.

Shirts of chain armor, which cost about \$500, are now worn by more than one distinguished person on the conti-

NEEDS OF THE ARMY.

Major General Miles Makes His Annual Report to the Secretary of War.

WASHINGTON, Nov. 12.—In his annual report to the secretary of war, Major General Miles, commanding the army, says that fortunately during the year the army has been called upon only to a limited extent to act either against hostile Indians or against bodies of men engaged in violating the laws of the United States or international treaty obligations.

General Miles recommends a liberal appropriation for replacing the present decreasing and antiquated post buildings occupied by the army, and especially those on what was formerly the Indian frontier, with new and sanitary structures.

General Miles believes that the freedom of the country of late from Indian outbreaks is to be ascribed to the fact that the Indians now receive better treatment from the government, that they are more impressed with the power of the army to punish them, and that their affairs are in many cases managed by competent army officers. Therefore he recommends that this same policy as to the Indians be continued.

General Miles again devotes a large portion of his report to the consideration of questions of coast defence, and he reviews forcibly all of the recommendations on that subject made in his former reports.

The report states that the change in warlike appliances make it necessary to place high power guns at much greater distances than formerly from the centers of wealth and it is recommended that liberal appropriations be made by the coming session of congress for the manufacture of guns, their emplacements, quarters and barracks.

CONFIDENCE GAME EXPOSED.

The "Priest" Swindle Being Successfully Worked in Wisconsin and Illinois.

WASHINGTON, Nov. 12.—A Spanish confidence game that is being worked with success on Americans, notably in Wisconsin and Illinois, is exposed by United States Consul General Bowen in Barcelona in a special report to the state department. This is known as the "priest" swindle and the characters always are an imaginary political prisoner in a Spanish jail, his little daughter about to be left helpless by his approaching demise, and a benevolent priest who is willing to care for the child or bring her to a relative in America.

The latter is the victim of the plot. First he receives a letter from the priest claiming to be his relative and praying him to care for his child. Then comes a letter from the priest announcing the prisoner's death and stating that he will look after the child until money is sent to bring her to her alleged American relative. The latter sends the money and is next informed by the priest that he and the girl have been arrested in France while on their way to the United States. That is the last heard of the swindlers.

General Bowen says that there are variations of this fraud but most of them work successfully. So many inquiries have been made by the victims that he has been obliged to print a circular letter explaining the deception.

DEATH WAS INSTANTANEOUS.

Wealthy Lumberman Ends His Existence With a Revolver.

MINNEAPOLIS, Nov. 12.—Captain Albert S. Merriam, a wealthy lumberman, walked into the Commercial club yesterday, entered a small card room and shot himself through the head with a 38-caliber revolver. Death was instantaneous. Merriam has been a victim of nervous dyspepsia and had recently suffered much, which probably caused his act. He left no letter, and the deed appeared to have been entirely unpremeditated.

Mr. Merriam came to Minneapolis from Quincy, Ills., where he was very prominent. He had been here about two years, being engaged in logging operations. He leaves a wife and one daughter, both of whom reside in Minneapolis.

BRYAN AS A LECTURER.

He Is About to Begin His Four-Year Campaign For Bimetallism.

LINCOLN, Neb., Nov. 12.—Saturday afternoon Hon. W. J. Bryan will deliver two lectures at the Funke Opera House in this city. These are supposed to be his opening guns in the four years' campaign for bimetallism, which Mr. Bryan has promised to inaugurate.

At 3 o'clock in the afternoon the first address will be delivered to the Mary Bryan club. At 8 p. m. the second will be given. This will be under the auspices of the Traveling Men's Bryan club and the Bryan Home Guards. Admission will be free.

Harrison Not in the Cabinet.

ST. LOUIS, Nov. 12.—W. H. H. Miller, ex-attorney general, of Indianapolis, was in St. Louis yesterday attending to some law business. He was asked if he thought ex-President Harrison would accept a position in McKinley's cabinet. He replied that he knew General Harrison would not accept a portfolio under any circumstances. He said he knew this from personal conversations he had had with the ex-president and from other expressions he had heard from General Harrison.

THURSDAY, NOVEMBER 12, 1896.

PRESIDENT-ELECT MCKINLEY will soon understand what 16 to 1 means. There will be about sixteen applicants for every position he has to fill.

THE premature publication by the New York World of Harriet Monroe's World's Fair ode has cost that paper several thousand dollars. The author has just been awarded \$5,000 damages by the Supreme Court of the country.

THE Flemingsburg Gazette is worried over the sound-money Democrats, and asks "What is to become of them now?" Well it seems to us McKinley ought to take good care of 'em. He'll be real, downright mean, if he doesn't.

CHAIRMAN SAM J. ROBERTS of the Republican State Committee will visit Canton, O., this week, and will no doubt have a talk with Major McKinley in regard to the distribution of the "pie" in Kentucky. Roberts will pass the plate, and of course will see that his friends are not overlooked.

JUST previous to the election in 1892 Joe Manley, of Maine, said upon closing Republican headquarters in New York: "We will give Grover Cleveland the damndest licking any Presidential candidate ever got in this State in thirty years." On election day Cleveland carried New York by 45,000. Manley was as badly off in his prediction in '92 as some Democrats were this year.

ONE of the many criminals pardoned by Governor Bradley has spent much of the time since his release brutally beating his wife almost daily. Wrenn, the Bourbon County murderer, is the man, and he has at last been jailed at Cynthiana. If he could just be turned loose on the Chief Executive, his blows might have a wholesome effect and put a stop to the pardon mill, for a while at least.

IT was a fitting mission, that lately brought to a close by Mr. Herman Stump, United States commissioner of immigration. He made it his business to go in person to Rome and explain to the Italian government our immigration laws and regulations, in order that there might not be so many disappointments suffered by Italians coming to this country or so many of them returned to their own land. The Italian authorities thanked the commissioner heartily for his trouble and for the friendship shown Italy by the United States. It would be as hard to get on without the Italians in the east as it would to get on without Chinese in the far west. The brawny, strong built, hard working Italian does now nine-tenths of all the rough labor in some sections of the east. The American will not do it, the German will not do it, neither the Irishman. They have learned better. Only the Italian remains, and it is a question how long it will be before he finds out how to live without hard work.

Cotton Mills in the South.

The year 1896 will be long remembered as the culminating period of business depression. Not so in the cotton mills of the south, however. While the textile fabric industry in other parts of the Union has had to report idle mills, strikes and reduced wages the business in the southern states has gone steadily onward.

In 1880 there were only 164 cotton mills in the whole south. By 1890 the number had grown to 283. In 1880 the amount of raw cotton consumed by the mills was 87,610,889 pounds. By 1890 the quantity was 278,256,109 pounds, showing that the amount of cotton used up had increased comparatively more than the number of mills.

Through all the financial depression lasting from the autumn of 1893 till the present time the cotton spinning industry in the south has gone on growing uninterruptedly. This year there are 352 mills, hummimg away night and day, some of them, and spinning and weaving 430,543,330 pounds of cotton. North Carolina has the most mills—139. Florida has none.

The ideal situation is realized in the location of these mills, the factories for the consumption of the raw material being on the ground where the raw material is produced. The south had little to lose by hard times in comparison to the manufacturing states of the north, while she had everything to gain. She is gaining, and that rapidly. Her mill workmen earn money to buy food and pay the farmers who raise that food the cash for it, and that means prosperity all around. Her climate is mild and healthful, her soil fertile. So sure are northern cotton mill owners of the future of the cotton factory in the south that many of them have actually furnished the capital to build the southern mills.

DOLLAR-OCRACY.
Hard Rap Given Purse-Proud Americans by Labouchere—Dangers of Trusts.

LONDON, November 10.—Commenting on the recent election in the United States, Henry Labouchere, in Truth, says: "If Bryan had been wise he would have gone in for bimetallism, if it pleased him; but he could have left the ratio indefinite. His ratio meant the right of all to repudiate half his obligations without this bettering any one in the future. But the victors will do well to realize that apart from bimetallism there is a strong growing feeling in America against huge accumulations of capital, in the hands of individuals, obtained by means of the trusts, which are really monopolies, and gambling with caged dice in railroads. The greedy plutocracy unsupported by an armed force cannot long hold its own against the rights and well being of all. I am nowise certain that, had I been an American, I should not have voted the Democratic ticket, had it not been that I regard all tampering with the coinage of a country as injurious to all, and it does not strike me that Mr. Bryan is up to the Presidential mark.

"America's worst product is its dollar-ocracy, whose members have literally nothing to recommend them. The odds are that either they or their parents acquired huge fortunes by the most questionable means. As a rule they are ignorant and vulgar, building big houses in order to dazzle by ostentatious entertainments, and buying pictures for which they only care because they have been acquired at high prices, selling their souls to any one who will enable them to hobnob with royalties, and their daughters to any one who will confer a title upon them, despising their own country and institutions, and regarding themselves as in every respect superior to others on account of their dollars. If the United States is not to become a mere plutocratic and oligarchic power, these worthies, who have increased and are increasing, must greatly diminish."

Where the Stranger Finds a Welcome. Walter Champ, writing from New York to the Bourbon News, has this to say: "The courtesy shown to strangers in the churches is a noticeable and appreciated feature of life in New York. Whatever rebuff, or scant courtesy one may receive elsewhere, one is sure of friendly reception in any church he may enter. To illustrate, in Dr. Parkhurst's church, one of the most fashionable in the city, I was given a splendid seat by one usher. Another gave me a printed program of the services and a fourth usher insisted on introducing me to the pastor. If New Yorkers continue in sin it is because of their own desire—the churches do their duty."

Heavens Will Blaze With Shooting Stars Friday Night.

The Cincinnati Enquirer says: "On the night between November 13th and 14th next we may expect to see the sky furrowed with numerous shooting stars, coming from space, and appearing to emanate from the constellation Leo, not far from the star Zeta. This shower of stars will be represented more abundantly next year, and more abundantly still in 1898, and will attain its maximum in 1899."

Gloom

Of ill health, despondency and despair, gives way to the sunshine of hope, happiness and health, upon taking Hood's Sarsaparilla, because it gives renewed life and vitality to the blood, and through nerve strength, vigor and energy to the whole body. Read **to** this letter:

"Hood's Sar... helped me wonderfully, saving sickness to health, gloom to sunshine. No pen can describe what I suffered. I was deathly sick, had sick headaches every few days and those terrible tired, despondent feelings, with heart troubles so that I could not go up and

down stairs without clasping my hand over my heart and resting. In fact, it would almost take my breath away. I suffered so I did not care to live, yet I had much to live for. There is no pleasure in life if deprived of health, for life becomes a burden. Hood's Sarsaparilla does far more than advertised. After taking one bottle, it is sufficient to recommend itself." Seasickness, a Mechanical Remedy.

None of the "remedies" discovered for seasickness in the past has been very effectual. Mr. Thomas Moy now writes suggesting something new in this way. Some years ago, when crossing the Irish channel on board a passenger steamer, with a very rough sea, it occurred to him that as the motions of the vessel produced seasickness it might be possible to so utilize such motions as to prevent that disagreeable malady. The vessel has three kinds of motions, a rising and falling motion of the entire vessel, an oscillatory motion longitudinally about its center of gravity and transverse rolling motion. Mr. Moy treated the longitudinal motions as having a tendency to drive matter, centrifugally, toward the head and stern and the rolling motions as having a similar tendency to drive matter outward from the center of such motions.

Now for details. "The entrance to the stomach," says Mr. Moy, "is on the left side of the body, the esophagus end, and the exit is on the right side, the pyloric orifice, and my experiment consisted in utilizing the longitudinal motions so as to keep the food in the stomach and utilizing the rolling motions so as to assist the natural operations of the esophagus in propelling the food toward the pyloric orifice. This I effected by selecting a couch arranged in a line with the keel, lying with my head toward the engine room and lying upon my left side." The experiment, Mr. Moy adds, was entirely successful, and he has always adopted it in rough seas when a suitable berth could be obtained. It would be interesting to know whether any one else has tried the remedy, and, if so, with what result.—Westminster Gazette.

A GRAND WORK.

What the Young Men's Christian Association Is Doing in Its Field.

Business Transacted By the Local Board of Directors Wednesday Afternoon. More Committees.

In view of the fact that this is the Week of Prayer for young men and several of the local pastors preached special sermons last Sunday about definite work for and by young men, and as this theme is also to be considered at four or five of the mid-week services, the following will doubtless be of interest to all who have at heart the best welfare of young men: "The religious movement of the nineteenth century," as the Young Men's Christian Association has been pronounced by a distinguished divine and educator, Bishop E. R. Hendrix, was not begun until near the close of the first half of the century, and did not reach America until seven years later (1851.) But so rapid has been its progress that to-day this "work by young men for young men" is firmly established in all parts of the United States and the Dominion of Canada. In 745 cities and villages Young Men's Christian Associations are in active existence, many of the larger cities having from two to a dozen different branches. There are also 480 Associations actively at work in as many colleges and universities, including the leading institutions of the land, with a total membership so large (over 30,000) that the College Association has been correctly termed "the greatest college fraternity in the world." The needs of railroad men are also met at 108 points, with Association buildings or other rooms, and a special work is carried on as well by the Y. M. C. A. International Committee and its Secretaries for German and French speaking young men in eleven centers, for colored men in thirty-five schools and colleges and in twenty-six cities, and for Indian young men, 43, on the reservations or in the training schools.

The 1,450 Associations and branches that form what is known as the "American group" have an aggregate membership of 263,000, a working committee force of 38,000; own 315 buildings and other property valued at \$18,000,000, employ 1,300 General Secretaries, Educational Instructors and Physical Directors; have 670 libraries with nearly 500,000 volumes, and hold more than 105,000 young men's meetings annually for Bible study and other religious purposes.

This wide and varied general work is entrusted to the International Committee of Young Men's Christian Associations, with headquarters at New York City, who employ a corps of trained specialists, the chief of whom is termed the General Secretary of the Committee and has oversight of the entire work. The other twenty-six International Secretaries are engaged at the central office or at various points in the field and in connection with the different departments mentioned above. Each of these Secretaries not merely performs the work of one man, but is an organizer of energies, local, state and international, and is a leader of leaders in this vast army of young men.

The monthly meeting of the local Board of Directors was held Wednesday afternoon, President Cox presiding.

The Treasurer's report made a very gratifying showing.

The Executive Committee reported that the articles of incorporation had been filed with the Secretary of State, and that Messrs. W. W. Ball and Wm. H. Cox had been appointed agents of the association on whom legal process might be served. This was to conform with the new corporation law.

The Finance Committee's report was presented. The members of the committee are as a rule so occupied with their business affairs that they can not give personal attention to the work, and have appointed a solicitor to look after the collection of subscriptions.

The report of the Religious Committee showed what had been done towards carrying forward that part of the work.

Bids for the plumbing work at the new rooms in the Zweigart Block were presented and read. That of Mr. J. J. Fitzgerald was the lowest, and he was awarded the contract.

General Secretary Canfield had prepared a budget of current expenses for the present fiscal year. It was read and after some discussion adopted.

The following new committees were announced by Mr. Canfield:

Social Work—A. D. Cole, Chairman; James Wood, R. L. Hoeflich, W. R. Cady, J. B. Orr, Con P. Traxel, Charles Haucke, J. Barbour, Jr., James Childs, H. H. Barkley, William Siltz.

Physical Work—J. T. Kackley, Chairman; H. J. Cochran, Thomas A. Keith, T. R. Phister.

Boys' Work—H. C. Curran, H. E. Gabby, Hayes Thomas.

The work on the new rooms is progressing.

ing favorably. The gymnasium outfit and other furnishings have been ordered, and the new quarters will be ready for occupancy in a few weeks now.

THE Bourbon fiscal court has purchased to be used on the free turnpikes one 12½ ton double engine steam road roller; two Gates' rotary rock crushers, with 20 foot elevators and screens; and four self-spreading carts. The cost of the outfit will be \$4,500.

HERE'S something to the point from an exchange: "Tell the public who you are, where you are and what you are. Good, bright, truthful advertisements, properly placed, are sure to bring good returns. Ten years hence, the business man who does not advertise will not be in business."

MR. CHARLES HOOD, of Nepton, and Miss Lide Owens were married Wednesday at 4 o'clock at the home of Judge Power, of Flemingsburg. The bride has many relatives and friends in Mason County. Miss Margaret Duke Watson, one of Maysville's fair violinists, rendered some sweet music during the ceremony.

BARKLEY-SMOOT.

The Christian Church the Scene of a Very Pretty Wedding Wednesday Afternoon.

The ceremony that united the destinies of Mr. Harry Barkley and Miss Lilian Smoot was solemnized Wednesday afternoon at 3 o'clock, Rev. E. L. Powell, of Louisville, officiating.

The Chistian Church was the scene of the nuptials, and a prettier wedding has rarely ever been witnessed in this city.

The church, in its new and attractive colors, was handsomely decorated. Stately palms and other tropical plants placed on the pulpit platform presented an attractive background to the scene during the nuptial ceremony.

Mr. Frank Barkley, brother of the groom, Mr. Elgin Smoot, brother of the bride, Mr. George Barbour and Mr. Elmer Downing were the ushers. The two latter lead the procession to the altar.

They were followed by the bride accompanied by her brother. These two were joined at the foot of the aisle by the groom, who, accompanied by his brother, had entered from the chapel in the rear. The ceremony was a most impressive one, closing with the invocation of God's richest blessings upon the union.

And then, to the joyful strains of Lohengrin's wedding march, rendered by Dr. Smoot, violinist, and Miss Lida Berry, organist, the bridal party passed out.

A crowd that taxed the capacity of the church was present, and the couple's many friends join in the warm congratulations and hearty good wishes showered upon the newly wedded.

The bride wore a pretty costume of white organdie over white taffeta, trimmed in Valenciennes lace and ribbon. Her bouquet was of Bride roses. She is the only daughter of Mr. and Mrs. Wm. P. Smoot, and is a young lady admired by all who know her for her sweet disposition and lovely character.

The groom is a son of Mr. and Mrs. H. C. Barkley, and is one of the city's most worthy and industrious young men.

The couple left at 4:30 o'clock on their bridal trip. On their return they will make their home for a time with the bride's parents.

DAVIS-NEWELL.

A Popular Young Couple Happily Married at the Home of the Bride Wednesday Afternoon.

The marriage of Mr. William R. Davis and Miss Ella R. Newell was solemnized yesterday afternoon at 3:45 o'clock at the home of the bride on Limestone street, Rev. W. O. Cochrane, pastor of the Central Presbyterian Church, officiating. There were no attendants, the wedding being a quiet one. Only relatives and a few close friends of the couple were present.

After the ceremony a short time was spent in receiving congratulations and good wishes, and the happy couple then left on their bridal trip to Louisville and other points. On their return they will take up their residence at the groom's home on West Second street.

The bride is the second daughter of Ex-Mayor H. L. Newell, and is one of Maysville's loveliest and best young ladies. She wore a tailor-made costume of brown covert cloth, with hat to match.

The groom is the only son of Mr. William Davis, and is one of the city's industrious and promising young business men.

The couple's many friends join in the good wishes extended them.

"Maple Molasses."

Winchester Democrat: "Georgetown has a maple syrup factory that is making 400 gallons of pure maple syrup every day. We unsophisticated people used to believe that maple syrup was made from the sap of a sugar tree and could only be made in the spring. That is all a mistake. Brown sugar, and a lot of corn cobs, hickory bark, or most anything else is all that is needed."

THE attendance at the Christian Church last night was larger than on the previous evening, and the sermon was one of the best of the meeting to date. "Christ as a Friend," will be the subject to-night. All members urged to be present, and the public are cordially invited.

DAVIES COUNTY will vote on prohibition December 18th, and the fight of the Prohibitionists from this time until the election will be waged with unabated zeal. The fight of the drys is being led by the Rev. Fred D. Hale, who has gained considerable notoriety as the man who caused the division of the First Baptist Church in Owensboro.

SECRETARY GUS. RICHARDSON, of the Democratic Campaign Committee, says the committee has strong hopes of electing two if not three Bryan electors. Mr. Richardson thinks it probable that not only Smith, who heads the list of silver electors, but also James P. Tarvin, an elector from the State at-large, and J. D. Flournoy, the elector from the First district, will pull through. The Republican managers say that but one Bryan elector will pull through. "I haven't stopped figuring yet," said Secretary Richardson. "We still think Bryan has carried Kentucky."

A Maysville Honored.

Mr. Thomas P. Wood, son of Mr. and Mrs. J. James Wood, has been highly honored at Louisville, where he is attending the College of Pharmacy. He has been chosen a member of the faculty of the Kentucky School of Medicine, the oldest medical college in the South, having been selected as Director in the laboratory of materia medica. He has also been selected as Pharmacist in the college hospital and dispensary.

These honors are most worthily bestowed, and Mr. Wood's many friends will be glad to learn of his success in his chosen profession.

PERSONAL.

Mrs. Dr. Davis, of Mayslick, has returned from a visit at Paris.

Hon. John P. McCartney and wife of Flemingsburg were among the guests at the Barkley-Smoot wedding.

Mrs. William A. Morrison, of Nepton, is visiting her sister, Mrs. M. E. McCellup, of 343 East Second street.

Miss Lida Arthurs, of Vanceburg, has returned home after visiting her cousins, Misses Myrtle and Ivy Hilen, of Forest avenue.

Mrs. Charles O. Hoffman and daughter, Mrs. Bettie Winstanley, of Louisville, were among the guests at the Davis-Newell wedding.

Miss Myrtle Filson is at home after an absence of several months with friends and relatives at Ashland, Salyersville and West Liberty.

Mrs. M. A. Fridman and daughter, Miss Grace, of New Richmond, are here on a visit to Mrs. F.'s daughter, Mrs. James A. Wallace, of East Sixth street.

Mr. J. Baron Blatterman gave a box party at the Grand, Cincinnati, Monday night in honor of Miss Marie Meng, of Bourbon, Miss Marian Wormald, of this city, Miss Georgia McDermott, of Cincinnati, Miss Hattie Collins and Mr. Harry Collins, of Covington, and Mr. S. L. Blaine, of Cincinnati. They enjoyed Sol Smith Russell's new play.

The Sorrows of a Collector.

One of the brightest men in town—a man you'd swear came from some cultured center of the east if his name didn't specifically assert precisely the opposite—has the Robert Louis Stevenson mania in its most aggravated form. Some little time ago a friend wrote him that he had procured for him, after unheeded exertions, a genuine Stevenson autograph. The news raised him into a seventh heaven of bliss and into the very top story of the heaven at that. Actually to have some exquisitely constructed sentence, some flash of immortal genius, some intimate expression of deepest thought from the master's pen, seemed too much to hope for. At length, however, the precious document came. The enthusiast unfolded it. It was a small slip of paper, on which were the magical words:

Please deliver to bearer \$1.50.

ROBERT LOUIS STEVENSON.

Still, it was a genuine autograph.—Washington Post.

Condensed Testimony.

Chas. B. Hood, Broker and Manufacturer's agent, Columbus, Ohio, certifies Dr. King's New Discovery has no equal as a cough remedy. J. D. Brown, Prop. St. James Hotel, Ft. Wayne, Ind. testifies that he was cured of a cough of two years standing, cause by la grippe, by Dr. King's New Discovery. B. F. Merrill, Baldwinsville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. Hemming, 222 E. 25th St., Chicago, always keeps it at hand and has no fear of croup, because it instantly relieves. Free trials bottles at J. James Wood's drug store.

PASSENGER TRAIN WRECKED.

Fifteen Passengers Were Injured but None Seriously.

OGALLA, Neb., Nov. 12.—Union Pacific passenger, eastbound, No. 3, from Denver, struck a broken rail here yesterday. One tourist, two chair cars and one Pullman turned over in the ditch. Fifteen passengers were injured, but none seriously.

Those most seriously injured are: Conductor L. D. Pierce of North Platte, Neb., badly cut and bruised.

Mrs. Martha Bradshaw of Sheridan, Mont., right side of head badly bruised and crushed.

Mrs. Emma Thomas, right side of head bruised, collar bone broken and side injured.

James MacCandish of Grand Island, Neb., scalp wound and back injured.

Charles L. Meyer, 29-31 Liberty street, New York, representing the Cripple Creek mining syndicate, right knee bruised and sprained.

A. W. Bristol, Cheyenne, scalp wound.

A number of other passengers received slight cuts from broken glass and some bruises, but were not seriously injured.

IRON MARKET ACTIVE.

Orders During the Past Week the Largest in Many Months.

CHICAGO, Nov. 12.—The Industrial World says: Iron has experienced the impulses of a new and more active life. Pig iron has again advanced from 25 to 50 cents per ton according to delivery and No. 2 local coke is quoted at \$11.25 to \$11.75. Southern foundry is also correspondingly high, and No. 2 foundry is now selling at \$11.40 and better.

Orders during the past week have been the largest in many months. They come from many sources and indicate a wide awakening of industrial activity. The plate mills at South Chicago have reopened and for all kinds of finished mill products there is much better inquiry. But the mills have been famished for orders and there is no improvement in prices.

TWELVE BELIEVE LOST.

Their Families in Brooklyn Have Given Up All Hope.

NEW YORK, Nov. 12.—It is generally believed in marine circles that the fishing smack W. W. Story, which sailed from this city with a crew of 12 men on Sept. 25, has met with a disaster. On Oct. 12 she was observed running off shore near Absecon, N. J., with no sail left.

Later on one of her dories was found on the beach near there. It appeared to have been washed ashore and there was no indication that it had been used by any of the crew in reaching land. The members of the crew, who had been engaged for the trip only, nearly all lived in Brooklyn. Their families have abandoned all hope of their safety and are mourning them as lost.

Suppress the Tin Horn Nuisance.

INDIANAPOLIS, Nov. 12.—An ordinance is being prepared here to prevent the sale of tin horns or the blowing of them in the streets of the city. A number of physicians have asked for the ordinance. Because of the noise of the campaign, they say that many persons suffered greatly, and in one instance death was caused by the horn blowers.

KENTUCKY LEGISLATURE.

It May Be Deadlocked if This Scheme Goes Through.

FRANKFORT, Ky., Nov. 12.—Contests have been filed by the Blackburn people against every Republican member of the general assembly elected last week to fill vacancies.

The Blackburn men did not have a majority in the house, nor can they seat anyone in the senate without the aid of the gold Democrats.

The silver men hope to win in the contests now being made before the state contesting board on the presidential electors, and in this event, they will claim that special elections for senator and representatives are thereby invalid, leaving last winter's deadlock unbroken.

ALABAMA LEGISLATURE.

Both Branches Organized and Ready to Ballot for Senator.

MONTGOMERY, Ala., Nov. 12.—The Alabama legislature organized yesterday, with A. D. Sayre as president of the senate and N. N. Clements speaker of the house. The Democrats in the house numbered 76 and the Populists 24. In the senate there are 24 Democrats and nine Populists.

The first caucus for the nomination of a United States senator may be held today. Balloting for United States senator must begin in open session on the 24th inst. The Populists have not yet decided whether they will nominate a candidate or not.

POTTERIES BUSY.

EAST LIVERPOOL, O., Nov. 12.—There is a marked improvement in business among the extensive potteries in this vicinity. The manufacturers state that since the presidential election numerous orders have been received and that although this is generally considered the dull season, enough orders have been received in most cases to keep the plants running until after the holidays.

STILL GAINING GOLD.

WASHINGTON, Nov. 12.—The treasury yesterday lost \$2,100 in gold coin and \$5,000 in bars, which leaves the true amount of the gold reserve \$122,626,482. The net gain in gold yesterday was \$57,500.

INDICATIONS.

Threatening weather in the morning, clearing Thursday afternoon; slightly cooler; brisk west winds.

THE MARKETS.

Review of the Grain and Livestock Markets For November 12.

New Hampshire's Complete Vote.

CONCORD, N. H., Nov. 12.—Ellsworth, the last polling place in New Hampshire to be heard from, has made its election returns. The figures complete the state vote, which gives McKinley 55,671; Bryan, 21,096; plurality for McKinley, 34,575. For governor, Ramsdell, Republican, 49,052; Kent, Democrat, 28,090; Ramsdell's plurality, 21,002.

W.H. Contest the Election.

SANTA FE, N. M., Nov. 12.—Delegate Catron announces that he will contest the election of Ferguson as delegate to congress from this territory. He alleges that he has positive evidence that many fraudulent votes were cast for his opponent at the recent election.

This Is Not Encouraging.

MILWAUKEE, Nov. 12.—The working time of all shop employees of the Chicago, Milwaukee and St. Paul railway was yesterday reduced from nine hours a day to eight hours. The reduction affects between 2,000 and 3,000 men. The order is explained by officials by heavy decrease in receipts of wheat and a corresponding falling off in business.

Lentz Elected.

COLUMBUS, O., Nov. 12.—John J. Lentz was elected to congress in this district beyond a doubt. If all the disputed precincts are thrown out, he will have a plurality of 8. If the Berne precinct alone is thrown out, he will have a plurality of 58.

His Last Morning Walk.

TORONTO, Nov. 12.—Archibald Campbell, one of the best known grain and lumber dealers in Ontario, was drowned at Colborne yesterday. He suffered from insomnia and dizziness. He got up at an early hour to take a walk on the pier and it is supposed that he became dizzy and fell into the water.

To Fix Frantz's Fate.

DAYTON, O., Nov. 12.—A special venire of 36 names has been drawn for the jury in the Albert J. Frantz murder trial for the murder of Bessie Little. About half the names are from this city, the others being drawn from the neighboring townships. The trial will begin Dec. 7.

Will Christen the Newport.

NEWPORT, R. I., Nov. 12.—Miss Frances Lafarge, daughter of John Lafarge, the artist, and great-granddaughter of Commodore Oliver Hazard Perry, has been selected by Major P. J. Boyle to christen the gunboat Newport, which will be launched at Bath, Me., on Nov. 25.

Virginia Election Returns.

PETERSBURG, Va., Nov. 12.—Ninety out of 100 counties and all the cities have officially reported election returns to the secretary of the commonwealth. The totals are as follows: Bryan, 144,190; McKinley, 124,233; Palmer, 1,988; Levering, 2,322. Bryan's plurality, 19,957.

Struck by a Train.

UNION CITY, Ind., Nov. 12.—Daniel J. Nicely, a farmer living five miles southwest of this city, while driving to town yesterday in an open wagon, was struck by a Panhandle passenger train and instantly killed, and the wagon totally demolished.

Elected by Ninety Votes.

SAN FRANCISCO, Nov. 12.—Official returns from all the counties in the Seventh congressional district show that Castle, Democrat and Populist, has been elected over Powers, Republican, by 90 votes.

If an oil can is not at hand to remedy a creaking hinge, the noise can often be stopped by using a soft lead pencil. Moisten the lead point and rub it into all the cracks and crevices that can be reached.

John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes it incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

FARM FOR SALE

Situated on the Maysville and Burtonville turnpike, thirteen and a half miles from Maysville and two and a half from Burtonville. Two churches—one Reform and one Methodist, the former only a mile distant. A first-class school with half a mile.

The farm contains twenty-six acres, well fenced and well watered by three ponds and a good stream. A good house with five rooms stands back from the pine about fifty yards and is rolling from house to pike. Ruggles Camp Grounds about three-quarters of a mile distant. Orchard contains the following: forty-eight apple trees, 20 pear trees, 19 plum trees, 19 peach trees, 4 quince trees, 11 cherry trees and 1 acre of strawberries, raspberries; 1 acre raspberries, Black Caps, blue berries, blackberries, gooseberries, and wild grapes. Two blacksmith shops, two stores and a grist mill. A good barn, smoke house, hen house and other outbuildings. The land lays well. A widow and want to leave, the reason for selling. Price \$550 cash, net.
